- Students can download Google Drive, Google Docs, Google Slides and Google Classroom to their phones to have easy access to assignments and school communications. If students do not have internet access, this would be a good way to stay connected at home and have access to necessary lessons from school.
- South counselors and social workers will not be available over spring break. If you have an emergency mental health situation to call 911 or take the student to Johnson County Mental Health:
<https://www.jocogov.org/dept/mental-health/home>
- Registration deadline for the April 4th ACT exam is Feb 28th. Registration occurs through act.org. The ACT website also has some useful test preparation tools.

Scheduling Downtime on an iPhone!

Raider Parents, are you looking to have better control over your teen's phone without expensive monitoring apps? If you want to schedule downtime for your teenager to help remove the distraction of their phone (during the school day), but still have access to phone calls and text messages, see this link about how to schedule downtime on an Iphone.

<https://support.apple.com/en-us/HT208982>

Use Screen Time on your iPhone, iPad, or iPod touch

With Screen Time, you can access real-time reports about how much time you spend on your iPhone, iPad, or iPod touch, and set limits for what you want to manage.

Screen Time lets you know how much time you and your kids spend on apps, websites, and more. This way, you can make more informed decisions about how you use your devices, and set limits if you'd like to. Read on to learn how to turn on Screen Time, view your report and set limits, and [manage a child's device](#).

2. Tap Turn On Screen Time.
3. Tap Continue.
