"The Truth is that numbers and goals don't drive people. People with a PURPOSE drive the numbers and achieve goals.

Research clearly shows that true motivation is driven by meaning and purpose rather than extrinsic rewards, numbers, and goals!" – Daniel Decker

### NEW INFORMATION

<u>September 2 Professional Learning: Ed Camp Topic Suggestions:</u> We are planning an Ed Camp for September 2nd, and the theme is 90-minute engagement. Please take a moment to fill out the following Google Form <u>before Friday, August 26<sup>th</sup></u> to suggest a topic or volunteer to facilitate a session:

<u>Coronavirus or COVID-19 Information:</u> The Shawnee Mission School District continues to work collaboratively with the Johnson County Department of Health and Environment (JCDHE) in the response and management of all communicable diseases. We are not the public health experts, so we rely on their public health expertise for guidance and direction. The previous mitigation procedures that the district has had in place for the management of COVID-19 expired at the end of June. We have always had plans in place related to communicable diseases, following state statutes (specifically K.S.A. 65-118 and K.S.A. 65-122). Our experience with COVID-19 has made those plans more explicit and visible. We will continue to have the following processes in place:

- · We will promote vaccination among students and staff
- We will support students and staff that choose to wear a mask
- We will exclude persons with suspected or confirmed COVID-19 infection for five days. The individual must be symptom free to return
- We will recommend that persons with suspected or confirmed COVID-19 infection who return on day six wear a mask through day 10
- As is the procedure with all infectious diseases, we will work with JCDHE regarding potential mitigation measures related to the spread of COVID-19 and any other infectious diseases
- Enhanced air filtration continues to be a priority to ensure an optimal learning environment. The nurses' offices will continue to maintain HEPA Air Scrubbers.

Community-based testing may be located at the following
